Subject: Comments:SWMI Framework

April 6, 2012

Dear Ms. Baskin:

This email is being sent to you to support the position of the Ipswich River Watershed Association in regard to the proposed SWMI Framework. The latter does not adequately protect the rivers of Massachusetts, especially the Ipswich River, on the banks of which my house sits. I have first hand knowledge of this river's vulnerability. The currently proposed "safe yield" methodology so crucial to the Ipswich is flawed and needs serious reconsideration.

Respectfully,

Brian F. O'Neill
